8149902894 ◇ Maharashtra, India ◇ [vc19016@gmail.com](mailto:vc19016@gmail.com) ◇ [LinkedIn](#) ◇ [GitHub](#)

## OBJECTIVE

---

I am an IT Engineer seeking to apply my technical skills and passion for technology to contribute to growth of an organization, while continuously learning and advancing in the field.

## EXPERIENCE

---

### Full Stack Developer Intern

June 2024 - August 2024

BitTech Services

*Remote*

- Successfully completed the company's portfolio website using React.js, Tailwind CSS, and Web3 Forms.
- Currently working on a construction company website using WordPress, focusing on user-friendly navigation and seamless functionality.

### Web Developer Intern

Jan 2023 - March 2023

Cognifront Software

*Nashik, India*

- Developed a web-based JavaScript code editor during internship.
- Demonstrated proficiency in front-end technologies such as HTML, CSS, and JavaScript.
- Acquired expertise in responsive web design principles.

## EDUCATION

---

### K. K. Wagh Institute of Engineering Education and Research, Nashik

2020 - 2024

Bachelor of Engineering (Information Technology) CGPA - 8.27

Coursework: Data Structures and Algorithms, Object Oriented Programming, Operating Systems, DBMS.

### M.R.M.V and Junior College, Nashik

2018 - 2020

Higher Secondary Education

Percentage - 72.62

## PROJECTS

---

### Pokedex Application

- [GitHub](#) | [Live](#)
- Created a Pokedex app using React.js, seamlessly integrating real-time data from the Pokemon API to provide users with comprehensive information.
- Enhanced user experience by implementing features such as a search bar for quick Pokemon retrieval and a dropdown menu for intuitive filtering by type.

### Personal Portfolio

- [GitHub](#) | [Live](#)
- Crafted my own portfolio website using React.js, making it easy to navigate and showcasing my work creatively.
- Styled the portfolio with Tailwind CSS, giving it a sleek and modern look that works seamlessly on any device.

### Placement Statistics Website

- [GitHub](#) | [Live](#)
- Developed a website for KK Wagh College showcasing detailed placement data and facilitating student connections through LinkedIn integration.
- Leveraged HTML, CSS, Bootstrap, JavaScript, and jQuery to create a visually appealing and functional platform for students and recruiters.
